DETAILED ACTION

Rejection of claims 14, 20, 26 and 36 is withdrawn in view of applicants' amendment.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 13, 14, 20, 21, 22, 25, 26 and 34 are rejected under 35

U.S.C. 102(b) as being anticipated by Vellturo et al. (*Journal of Organic Chemistry*, **1966**, 31(7), 2241-2244).

On page 2243, Scheme III, Vellturo et al describe preparation of compounds XVIIa and XVIIb. The starting material III meets all of the structural limitations of the compound in the instantly claimed preparations. On page 2244, second column, in the section where the experimental details of syntheses of compound XVII are provided, Vellturo et al teach dissolving the diacid-diester in methanol. The diacid-diester dissolved in methanol meets the limitations directed to the pharmaceutical preparation.
